---

In today's economy business owners must carefully weigh their investments in order to achieve maximum returns. How can you continuously deliver rapid, dependable service during peak hours, manage demands for greater product selections, and at the same time control escalating costs for equipment?

QUORiON's All-in-One POS system is the answer. The QTouch 10 gives business owners everything they need in one unit without requiring any additional investments or hassles, because it incorporates a number of POS peripherals in one seamless design. Therefore, the QTouch 10 is ideal for smart businesses. You get a complete POS solution right out of the box!
